

INDEPENDENT AUDITOR'S REPORT

To the Members of International Tobacco Company Limited

Report on the Audit of the Ind AS Financial Statements**Opinion**

We have audited the accompanying Ind AS financial statements of International Tobacco Company Limited ("the Company"), which comprise the Balance sheet as at March 31 2019, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the Ind AS financial statements and our auditor's report thereon. The Annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the Ind AS financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether such other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to the Board of Directors.

Responsibility of Management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in

accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act based on our audit, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - (e) On the basis of the written representations received from the directors as on March 31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these Ind AS financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;
 - (g) In our opinion, the managerial remuneration for the year ended March 31, 2019 has been paid / provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its Ind AS financial statements – Refer Note 28 to the Ind AS financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

Annexure 1 referred to in paragraph 1 under “Report on Other Legal and Regulatory Requirements” of our report of even date

Re: International Tobacco Company Limited (‘the Company’)

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
- (b) All fixed assets were physically verified by the management in the financial year 2016-17 in accordance with a planned programme of verifying them once in three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us, the title deeds of immovable properties included in property, plant and equipment are held in the name of the Company.
- (ii) According to the information and explanation given to us, the management has conducted physical verification of inventory at reasonable intervals during the year and no material discrepancies were noticed on such physical verification.
- (iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Act. Accordingly, the provisions of clause 3(iii)(a), (b) and (c) of the Order are not applicable to the Company and hence not commented upon.
- (iv) In our opinion and according to the information and explanations given to us, provisions of section 186 of the Companies Act 2013 in respect of investments made have been complied with by the Company. In our opinion and according to the information and explanations given to us, there are no loans, guarantees, and securities granted in respect of which provisions of section 185 and 186 of the Act are applicable and hence not commented upon.
- (v) The Company has not accepted any deposits from the public.
- (vi) To the best of our knowledge and as explained, the Central Government has not specified the maintenance of cost records under Section 148(1) of the Companies Act, 2013 in respect of the activities carried out by the Company. Therefore, in our opinion, the provisions of the clause 3(vi) of the Order are not applicable to the Company and hence not commented upon.
- (vii) (a) The Company is regular in depositing with appropriate authorities undisputed statutory dues including provident fund, employees state insurance, income tax, sales tax, service tax, customs duty, value added tax, excise duty, goods and service tax, provident fund, cess and other material statutory dues applicable to it.
- (b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees state insurance, income-tax, service tax, sales-tax, custom duty, value added tax, excise duty, goods and service tax, provident fund, cess and other material statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.

According to the information and explanations given to us, the outstanding dues on account of income tax, service tax and excise duty which have not been deposited on account of any dispute are as follows:

Nature of the statute	Nature of the dues	Amount of dues* (Rs. lakhs)	Amount deposited (Rs. lakhs)	Period to which the amount relates	Forum where dispute is pending
Central Excise Act, 1944	Excise duty	200.60	10.31	FY 2006-07 to FY 2013-14	Customs Excise and Service Tax Appellate Tribunal
		121.93	-	FY 2010-11	Commissioner (Appeals)
Finance Act, 1994	Service Tax	6.44	-	FY 2016-17 and FY 2017-18	Commissioner (Appeals)
Income-tax Act, 1961	Income tax	45.30	45.30	FY 2011-12	Income Tax Appellate Tribunal
		88.14	65.47	FY 2010-11, FY 2012-13 and FY 2015-16	Commissioner (Appeals)
		2.97	2.97	FY 2005-06	Assessing Officer

*Includes interest and penalty wherever the amount indicated in the order.

Further, the concerned authority is in appeal against favourable orders received by the Company in respect of the following matters:

Nature of the statute	Nature of the dues	Amount of dues* (Rs. lakhs)	Period to which the amount relates	Forum where department has preferred appeal
Income-tax Act, 1961	Income tax	5.36	FY 2003-04	Income Tax Appellate Tribunal
Central Excise Act, 1944	Excise duty and Service tax	1,366.56	FY 2005-06 to FY 2006-07 and FY 2008-09 to FY 2009-10	High Court

There are no dues of sales tax, custom duty, goods and service tax, provident fund, value added tax and cess which have not been deposited on account of any dispute.

- (viii) The Company does not have any outstanding dues in respect of financial institution, bank, debenture holders or dues in the nature of a loan to Government. Therefore, reporting under this clause is not applicable to the Company and hence, not commented upon.
- (ix) According to the information and explanations given by the management, the Company has not raised any money by way of initial public offer / further public offer / debt instruments and term loans hence, reporting under clause 3(ix) of the Order is not applicable to the Company and hence not commented upon.
- (x) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, we report that no fraud by the Company and no fraud on the Company by the officers and employees of the Company has been noticed or reported during the year.

S.R. BATLIBOI & Co. LLP

Chartered Accountants

- (xi) According to the information and explanations given by the management, the managerial remuneration has been paid / provided in accordance with the requisite approvals mandated by the provisions of section 197 read with schedule V to the Companies Act, 2013.
- (xii) In our opinion, the Company is not a nidhi Company. Therefore, the provisions of clause 3(xii) of the Order are not applicable to the Company and hence not commented upon.
- (xiii) According to the information and explanations given by the management, transactions with the related parties are in compliance with section 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards. The provisions of section 177 are not applicable to the Company and accordingly reporting under clause 3(xiii) insofar as it relates to section 177 of the Act is not applicable to the Company and hence not commented upon.
- (xiv) According to the information and explanations given to us and on an overall examination of the balance sheet, the Company has not made any preferential allotment or private placement of share or fully or partly convertible debentures during the year under review and hence, reporting requirements under clause 3(xiv) of the Order are not applicable to the Company and, hence not commented upon.
- (xv) According to the information and explanations given by the management, the Company has not entered into any non-cash transactions with directors or persons connected with him as referred to in section 192 of the Companies Act, 2013.
- (xvi) According to the information and explanations given to us, the provisions of section 45-IA of the Reserve Bank of India Act, 1934 are not applicable to the Company.

Annexure 2 referred to in para 2(f) under the heading “Reporting on Other Legal and Regulatory Requirements” to the Independent Auditor’s Report of even date on the Ind AS financial statements of International Tobacco Company Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited, the internal financial controls over financial reporting of International Tobacco Company Limited (“the Company”) as of March 31, 2019 in conjunction with our audit of the IND AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the

S.R. BATLIBOI & Co. LLP

Chartered Accountants

company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

INTERNATIONAL TOBACCO COMPANY LIMITED

Notes to the financial statements for the year ended March 31, 2019

(All amounts are in Rs. lakhs unless otherwise stated)

1. Corporate information

International Tobacco Company Limited ('the Company') is a public limited company incorporated in India. The Company is engaged in manufacturing of tobacco and tobacco products on behalf of holding company.

The address of its registered office is Macropolo Building, Ground Floor, Dr. Babasaheb Ambedkar Road, Lalbaug, Mumbai - 400033 and the address of its corporate office is Omaxe Square, Plot No.14, Jasola District Centre, Jasola, New Delhi - 110025.

The financial statements were approved by the Board of Directors on May 30, 2019.

2. Statement of compliance

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015, as amended.

The financial statements are presented in rupees and all values are rounded to the nearest lakhs except when otherwise indicated.

3. Basis of preparation and presentation

3.1. Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair value at the end of each reporting period, as explained in the accounting policies mentioned below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

3.2. Use of estimates

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and assumptions that affect the reported balance of assets and liabilities, revenues and expenses and disclosures relating to contingent assets and contingent liabilities.

The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results may differ from these estimates. Any revision to the accounting estimates or difference between the estimates and the actual results are recognised in the periods in which the results are known/materialise or the estimates are revised and future periods affected.

4. Significant accounting policies

Revenue Recognition

4.1.1. Manufacturing fees (Revenue from Contracts with customers)

The Company's revenue from contracts with customers comprises of manufacturing fees from the holding company. Revenue from manufacturing fees is recognised when control of the goods is transferred to the customers which usually is at the time of production of cigarettes. Revenue is recognised basis the quantum of cased production of cigarettes.

The Company does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the Company does not adjust any of the transaction prices for the time value of money.

4.1.2. Dividend and interest income

Dividend income from investments is recognised when the shareholder's right to receive payment has been established provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

INTERNATIONAL TOBACCO COMPANY LIMITED

Notes to the financial statements for the year ended March 31, 2019

(All amounts are in Rs. lakhs unless otherwise stated)

4.2. Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

4.2.1. Operating lease

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor, are recognised as operating lease. Operating lease payments are recognised on a straight line basis over the lease term in the statement of profit and loss.

4.2.2. Finance lease

A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

4.3. Foreign currencies

4.3.1. Functional and presentational currency

The Company's financial statements are presented in Indian rupees (INR), which is also the Company's functional currency. Functional currency is the currency of the primary economic environment in which an entity operates and is normally the currency in which the entity primarily generates and expends cash.

4.3.2. Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss. They are deferred in equity if they relate to qualifying cash flow hedges.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in other comprehensive income or profit or loss are also recognised in other comprehensive income or profit or loss, respectively).

4.4. Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

4.4.1. Current tax

Current tax is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the reporting date and includes any adjustment to tax payable in respect of previous year.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax for the year. The deferred tax asset is recognised for MAT credit available only to the extent that it is probable that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an asset, it is created by way of credit to the statement of profit and loss and shown as part of deferred tax asset. The company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent that it is no longer probable that it will pay normal tax during the specified period."

INTERNATIONAL TOBACCO COMPANY LIMITED

Notes to the financial statements for the year ended March 31, 2019

(All amounts are in Rs. lakhs unless otherwise stated)

4.4.2. Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profits. Deferred tax assets (including MAT credit entitlement) are recognised only to the extent that it is more likely than not that they will be recovered.

The carrying amount of deferred tax assets (including MAT credit entitlement) is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

4.5. Employee benefits

4.5.1. Short term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

4.5.2. Long term employee benefits

Long term employee benefits include compensated absences. The Company has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using projected unit credit method on the additional amount expected to be paid/availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non-accumulating compensated absences is recognized in the period in which the absences occur.

4.5.3. Defined contribution plan

Provident fund, superannuation fund and employee's state insurance are the defined contribution schemes offered by the Company. The contributions to these schemes are charged to the statement of profit and loss of the year in which contribution to such schemes becomes due on the basis of services rendered by the employees.

4.5.4. Defined benefit plan

Gratuity liability is provided on the basis of an actuarial valuation made at the end of each financial year as per projected unit credit method. Actuarial gains or losses arising from such valuation are charged to revenue in the year in which they arise.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

4.5.5. Termination benefits

Termination benefit is recognised as an expense at earlier of when the Company can no longer withdraw the offer of termination benefit and when the expense is incurred.

INTERNATIONAL TOBACCO COMPANY LIMITED

Notes to the financial statements for the year ended March 31, 2019

(All amounts are in Rs. lakhs unless otherwise stated)

4.6. Property, plant and equipment

4.6.1. Recognition and Measurement

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and any recognised impairment losses, and include interest on loans attributable to the acquisition of qualifying assets upto the date they are ready for their intended use. Freehold land is measured at cost and is not depreciated.

4.6.2. Capital work in progress

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

4.6.3. Depreciation

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on tangible fixed assets (other than free hold land and properties under construction) is recognised on straight-line method.

Estimated useful lives of the assets based on technical estimates are as under:

Buildings	30 - 60 years
Plant and machinery	7.5 - 15 years
Electrical installation and equipments	10 years
Computers and information technology equipments	3 - 6 years
Furniture, fixtures and office equipments	5 -10 years
Motor vehicles	8 years

The useful lives estimated above are equal to those indicated in Schedule II of the Companies Act, 2013.

Freehold land is not depreciated.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in profit or loss.

4.7. Impairment of tangible assets

The management periodically assesses whether there is any indication that an asset may have been impaired. If any such indication exists, the recoverable amount is estimated in order to determine the extent of impairment loss (if any). An impairment loss is recognized wherever the carrying value of an asset exceeds its recoverable amount. Recoverable amount is higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of the useful life.

Impairment losses recognized in prior years are reversed when there is an indication that the impairment losses recognized earlier no longer exist or have decreased. Such reversals are recognized as an increase in the carrying amount of the asset to the extent that does not exceed the carrying amounts that would have been determined (net of depreciation) had no impairment loss been recognized in prior years.

4.8. Inventories

Inventories are stated at lower of cost and net realisable value. The cost of stores and spares is determined on moving weighted average cost basis.

Net realisable value is the estimated selling price for inventories in the ordinary course of business, less all estimated costs of completion and costs necessary to make the sale.

INTERNATIONAL TOBACCO COMPANY LIMITED

Notes to the financial statements for the year ended March 31, 2019

(All amounts are in Rs. lakhs unless otherwise stated)

4.9. Provisions and contingencies

4.9.1. Provisions

Provisions are recognised when the Company has a present obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When the effect of time value is material, the amount is determined by discounting the expected future cash flows.

4.9.2. Contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

4.10. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

4.10.1. Financial assets

4.10.1.1. Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e. the date that the Company commits to purchase or sell the asset.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

4.10.1.2. Classification of financial assets

Classification of financial assets depends on the nature and purpose of the financial assets and is determined at the time of initial recognition. The Company classifies its financial assets in the following measurement categories:

- ▶ those measured at amortized cost,
- ▶ those to be measured subsequently at fair value, either through other comprehensive income (FVTOCI) or through profit or loss (FVTPL)

Financial assets at amortised cost:

A financial assets is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Financial assets at FVTOCI:

A financial asset is classified as at the FVTOCI if both of the following criteria are met unless the asset is designated at fair value through profit or loss under fair value option.

- (a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial asset, and
- (b) The asset's contractual cash flows represent SPPI.

Financial assets at FVTPL:

FVTPL is a residual category for financial assets. Any asset, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

INTERNATIONAL TOBACCO COMPANY LIMITED

Notes to the financial statements for the year ended March 31, 2019

(All amounts are in Rs. lakhs unless otherwise stated)

4.10.1.3. Investments in equity instruments at FVTOCI

On initial recognition, the Company can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in the fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

A financial asset is held for trading if:

- ▶ it has been acquired principally for the purpose of selling it in the near term; or
- ▶ on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has an recent actual pattern of short-term profit-taking; or
- ▶ it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

The Company has equity investment in one entity which is not held for trading. The Company has elected the FVTOCI irrevocable option for this investment (Refer Note no. 7). Fair value is determined in the manner described in Note no. 33.

Dividend on above investment in equity instruments is recognised in profit or loss when the Company's right to receive the dividend is established, it is probable that the economic benefits associated with the dividend will flow to the Company, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

4.10.1.4. Derecognition

A financial asset is primarily derecognised when:

- ▶ The rights to receive cash flows from the asset have expired, or
- ▶ The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

4.10.1.5. Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits and bank balance.
- b) Any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18.

The Company believes that, considering their nature of business and past history, the expected credit loss in relation to its financial assets is non-existent or grossly immaterial. Thus, the Company has not recognised any provision for expected credit loss. The Company reviews this policy annually, if required.

4.10.2. Financial liabilities

4.10.2.1. Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss or payables, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of payables, net of directly attributable transaction costs.

The Company's financial liabilities include other payables.

4.10.2.2. Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss (FVTPL)

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied.

INTERNATIONAL TOBACCO COMPANY LIMITED

Notes to the financial statements for the year ended March 31, 2019

(All amounts are in Rs. lakhs unless otherwise stated)

4.10.2.3. Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

4.11. Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

4.12. Cash and cash equivalents

Cash and cash equivalents comprises of cash on hand and at banks, short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

For the purpose of the Statement of Cash Flows, Cash & Cash Equivalents consists of Cash and Short term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the company's cash management.

4.13. Earnings per share (EPS)

Basic earnings per share has been computed by dividing the profit/(loss) after tax by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share has been computed by dividing the profit/(loss) after tax by the weighted average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

4.14. Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- ▶ In the principal market for the asset or liability, or
- ▶ In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- ▶ Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- ▶ Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- ▶ Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

INTERNATIONAL TOBACCO COMPANY LIMITED

Notes to the financial statements for the year ended March 31, 2019

(All amounts are in Rs. lakhs unless otherwise stated)

**4.15. Application of new Standards
Ind AS 115: Revenue from Contracts with Customers**

The Company has adopted Ind AS 115 Revenue from contracts with Customers with effect from April 1, 2018 which outlines a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. The standard replaces most of the current revenue recognition guidance. The core principle of the new standard is for companies to recognize revenue when the control of the goods and services is transferred to the customer as against the transfer of risk and rewards. As per the Company's current revenue recognition practices, transfer of control happens at the same point as transfer of risk and rewards thus not effecting the revenue recognition. The amount of revenue recognised reflects the consideration to which the company expects to be entitled in exchange for those goods or services.

The Company has adopted the modified transitional approach as permitted by the standard under which the comparative financial information is not restated. The accounting changes required by the standard are not having any impact on the recognition or measurement of revenues and no transitional adjustment is recognised in retained earnings at April 1, 2018. Additional disclosures as required by Ind AS 115 have been included in these financial statements.

Previous period Accounting Policy: Revenue Recognition

Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable.

Manufacturing fees

Manufacturing fees from the holding company is recognised basis the quantum of cased production of cigarettes.

4.16. Standards issued but not yet effective

The Guidance note and amendment to standards issued, but not yet effective up to the date of issuance of the Company's Financial Statements are disclosed below. The Company intends to adopt these when they become effective.

Ind AS 116: Lease

Ind AS 116, Leases, replaces the existing standard on accounting for leases, Ind AS 17. The Company will adopt Ind AS 116 from April 1, 2019 under the modified retrospective approach, and accordingly the comparative figures will not be restated. For contracts in place at this date, the Company will continue to apply its existing definition of leases under current accounting standard ("grandfathering"), instead of reassessing whether existing contracts are or contain a lease at the date of application of the new standard.

This standard introduces a single lessee accounting model and requires a lessee to recognize a 'right of use asset' (ROU) and a corresponding 'lease liability' for all leases with the exception of short-term (under 12 months) and low-value leases. Lease costs will be recognised in the income statement over the lease term in the form of depreciation on the ROU asset and finance charges representing the unwinding of the discount on the lease liability. In contrast, the accounting requirements for lessors remain largely unchanged.

The standard, in addition to increasing the Company's recognised assets and liabilities, impacts the classification and timing of expenses and consequently the classification between cash flow from operating activities and cash flow from financing activities. The Company is in the process of performing a detailed analysis to understand the impact.

Information on the undiscounted amount of the Company's operating lease commitments under Ind AS 17 'Leases', the current leasing standard, is disclosed in Note no. 31 'Operating Lease Commitments'.

INTERNATIONAL TOBACCO COMPANY LIMITED

Notes to the financial statements for the year ended March 31, 2019

(All amounts are in Rs. lakhs unless otherwise stated)

5. Significant accounting judgements, estimates and assumptions

The preparation of the financial statements requires management of the Company to make judgements, estimates and assumptions that effect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods

Judgements and estimates

In the process of applying the accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

Fair value measurement of financial instruments

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. In estimating the fair value of an asset or a liability, the Company uses market-observable data to the extent it is available. Where Level 1 inputs are not available, the Company engages third party qualified valuer to perform the valuation. The management of the Company works closely with the qualified external valuers to establish the appropriate valuation techniques and inputs to the model.

Information about the valuation technique and inputs used in determining the fair value of assets and liabilities are disclosed in Note no. 33.

Contingent liabilities

The Company has ongoing litigations with various regulatory authorities and others. Where an outflow of funds is believed to be probable and a reliable estimate of the outcome of the dispute can be made based on management's assessment of specific circumstances of each dispute and relevant external advice, management provides for its best estimate of the liability. Refer Note no. 28

(All amounts are in Rs. lakhs unless otherwise stated)

	As at 31.3.2019	As at 31.3.2018
--	----------------------------	--------------------

28. Contingent liabilities not provided for

a) Demands from income tax authorities disputed by the Company 123.49 116.62

b) The Company has received certain show cause notices from Excise Authorities asking it to explain why certain amounts mentioned in these notices should not be paid by the Company. As these notices are in the nature of explanations required, the Company does not consider these to constitute a liability of any kind. Further, the Company has received demands notices aggregating Rs. 328.98 lakhs (Previous year - Rs. 1,622.91 lakhs), which the Company is contesting before the appellate authorities. The liability, if any, on this account, will rest with the holding company under the contract manufacturing arrangement.

c) Claims against the Company not acknowledged as debts Rs. 1.37 lakhs (March 31, 2018 - Rs. 1.37 lakhs).

d) The following are the particulars of dues on account of excise duty, service tax and income-tax as at March 31, 2019 that have been disputed by the Company in appeals pending before the appellate authorities:

Nature of the statute	Nature of the dues	Amount of dues* (Rs. lakhs)	Amount deposited (Rs. lakhs)	Period to which the amount relates	Forum where dispute is pending
Central Excise Act, 1944	Excise duty	200.60	10.31	FY 2006-07 to FY 2013-14	Customs Excise and Service Tax Appellate Tribunal
		121.93	-	FY 2010-11	Commissioner (Appeals)
Finance Act, 1994	Service tax	6.44	-	FY 2016-17 and FY 2017-18	Commissioner (Appeals)
Income-tax Act, 1961	Income tax	45.30	45.30	FY 2011-12	Income Tax Appellate Tribunal
		88.14	65.47	FY 2010-11, FY 2012-13 and FY 2015-16	Commissioner (Appeals)
		2.97	2.97	FY 2005-06	Assessing Officer

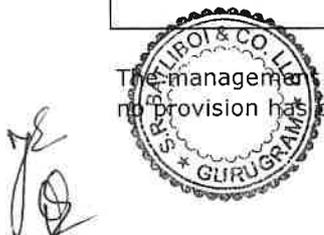

* amount as per demand orders, including interest and penalty, where quantified in the order.

Further, there are no dues of sales tax, value added tax, customs duty and cess matters which have not been deposited on account of any disputes.

Further, as per information available with the Company, the concerned authority is in appeal against favourable orders received by the Company in respect of the following matters:

Name of the statute	Nature	Amount (Rs. lakhs)	Period to which the amount relates	Forum where department has preferred appeal
Income Tax Act, 1961	Income tax	5.36	FY 2003-04	Income Tax Appellate Tribunal
Central Excise Act, 1944	Excise duty and Service tax	1,366.56	FY 2005-06 to FY 2006-07 and FY 2008-09 to FY 2009-10	High Court

The management believes that the liabilities in the above matters are possible but not probable and hence no provision has been considered necessary there against.

INTERNATIONAL TOBACCO COMPANY LIMITED

Notes to the financial statements for the year ended March 31, 2019

(All amounts are in Rs. lakhs unless otherwise stated)

	As at 31.3.2019	As at 31.3.2018
--	--------------------	--------------------

29. Commitments

- a) The estimated amount of contracts remaining to be executed on capital amount and not provided for (net of advances) 11.35 128.77
- b) The Company does not have any other long term contracts including derivative contracts for which there will be any material foreseeable losses.

30. Dues to micro and small enterprises

Trade payables include Rs. 3.97 lakhs (Previous year Rs. 1.03 lakhs) due to micro, small and medium enterprises as defined in the "The Micro, Small and Medium Enterprises Development Act, 2006" ("MSMED") to the extent such parties have been identified on the basis of information available with the Company. No interest is payable to any supplier under the said Act.

Information as required to be furnished as per section 22 of the Micro, Small and Medium Enterprises Development Act, 2006 (MSMED Act) for the year ended March 31, 2019 is given below. This information has been determined to the extent such parties have been identified on the basis of information available with the Company.

- i) Principal amount and interest due thereon remaining unpaid to any supplier covered under MSMED Act, 2006

Principal	3.97	1.03
Interest	-	-

- ii) The amount of interest paid by the buyer in terms of section 16, of the MSMED Act along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year.

- iii) The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under MSEMD Act.

- iv) The amount of interest accrued and remaining unpaid at the end of each accounting year.

- v) The amount of further interest remaining due and payable even in the succeeding years, untill such date when the interest dues as above are actually paid to the small enterprises for the purpose of disallowance as a deductible expenditure under section 23 of the MSEMD Act, 2006

31. Operating lease arrangements

The Company as a lessee

Leasing arrangements

The Company has entered into various operating lease agreements for premises (residentials, offices, godowns, etc.). These lease arrangements are mostly cancellable in nature and are usually renewable by mutual consent on mutually agreeable terms. For such cancellable leases, there is no contingent rent in the lease agreement. There are no restrictions imposed by lease arrangements. There are no sub leases.

The Company has also entered into various operating lease arrangements for various lands. These arrangements are non-cancellable in nature and range between thirty to ninety years.

The aggregate rentals under such agreements have been charged as rent in Note no. 26.

Non-cancellable operating lease commitments

Within one year	4.86	4.86
Later than one year but not later than five years	19.43	19.43
Later than five years	49.80	54.66

INTERNATIONAL TOBACCO COMPANY LIMITED

Notes to the financial statements for the year ended March 31, 2019

(All amounts are in Rs. lakhs unless otherwise stated)

32. Employee benefit plans

(a) Defined contribution plans and amounts recognised in the statement of profit and loss

	Year ended 31.3.2019	Year ended 31.3.2018
Contribution towards provident fund	134.85	140.79
Contribution towards superannuation fund	18.75	21.52
	153.60	162.31

The company is examining the ruling of the Supreme Court dated 28th February, 2019 on coverage of allowance under basic wages for calculation of provident fund contributions and will give effect to the same, if required, in due course.

(b) Other long term employee benefits (based on actuarial valuation)

	Year ended 31.3.2019	Year ended 31.3.2018
Compensated absences - amount recognized in the statement of profit and loss	91.53	67.67

(c) Defined benefit plans

Gratuity

The Company makes annual contributions to gratuity fund established as a trust, which is a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity as per provisions of the payment of Gratuity Act or the Company Scheme, whichever is beneficial.

The plan typically exposes the Company to actuarial risks such as: loss of investment risk, interest rate risk, mortality rate risk and salary rate risk.

Loss of investment risk

The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.

Interest rate risk

The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the plan's liability.

Mortality rate risk

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary rate risk

The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

The following tables summarise the components of net benefit expense recognised in the statement of profit or loss and the funded status and amounts recognised in the balance sheet for defined benefit plan:

Net employee benefit expense recognized in employee cost:

	Year ended 31.3.2019	Year ended 31.3.2018
Current service cost	52.57	36.04
Net interest cost	(14.66)	10.61
Past Service Cost	-	0.33
	37.91	46.98
Excess/(shortfall) of fair value over book value of plan assets	40.51	8.61
Net employee benefit expense recognized in employee cost	78.42	55.59

INTERNATIONAL TOBACCO COMPANY LIMITED

Notes to the financial statements for the year ended March 31, 2019

(All amounts are in Rs. lakhs unless otherwise stated)

(c) Defined benefit plans - Gratuity (continued)

Amount recognised in other comprehensive income:

	Year ended 31.3.2019	Year ended 31.3.2018
Actuarial (gain)/loss on obligations arising from change in financial assumptions	26.09	(41.70)
Actuarial (gain)/loss on obligations arising on account of experience adjustments	(39.30)	(46.67)
Actuarial (gain)/loss on obligations arising from changes in demographic assumptions	(0.01)	(21.75)
Return on plan assets (excluding amounts included in net interest expense)	(11.34)	(21.99)
Adjustment to recognize the effect of asset ceiling	(0.12)	25.53
Net (income)/expense for the year recognized in other comprehensive income	(24.68)	(106.58)

(I) Changes in the present value of the defined benefit obligation are as follows:

	Year ended 31.3.2019	Year ended 31.3.2018
Opening defined obligation	1,216.71	1,326.46
Current service cost	54.43	61.57
Past service cost	-	0.33
Interest cost	81.75	88.08
Benefits paid	(178.00)	(149.61)
Actuarial loss/(gain) on obligations arising from change in financial assumptions	26.09	(41.70)
Actuarial loss/(gain) on obligations arising from change in demographic assumptions	(0.01)	(21.75)
Actuarial loss/(gain) on obligations arising on account of experience adjustments	(39.30)	(46.67)
Defined benefit obligation	1,161.67	1,216.71

(II) Changes in the fair value of plan assets are as follows:

	Year ended 31.3.2019	Year ended 31.3.2018
Opening fair value of plan assets	1,406.43	1,207.28
Interest income	98.39	77.47
Return on plan assets (excluding amounts included in net interest expense)	11.34	21.99
Contribution by employer	15.15	249.30
Benefits paid	(178.00)	(149.61)
Closing fair value of plan assets	1,353.31	1,406.43
(III) Excess of fair value over book value of plan assets	54.65	14.14
(IV) Net (asset)/liability recognised in the balance sheet (I - II + III)	(136.99)	(175.58)

The major categories of plan assets of the fair value of the total plan assets are as follows:

	Amount	% of total plan assets
As at March 31, 2019		
Government debt securities	72.03	5.32%
Other debt instruments	20.52	1.52%
Insurer managed funds	1,207.49	89.22%
Others	53.27	3.94%
	1,353.31	100.00%

INTERNATIONAL TOBACCO COMPANY LIMITED

Notes to the financial statements for the year ended March 31, 2019

(All amounts are in Rs. lakhs unless otherwise stated)

(c) Defined benefit plans - Gratuity (continued)

	Amount	% of total plan assets
As at March 31, 2018		
Government debt securities	102.69	7.30%
Other debt instruments	20.52	1.46%
Insurer managed funds	1,282.23	91.17%
Others	0.99	0.07%
	1,406.43	100.00%

The principal assumptions used in determining gratuity obligation for the Company's plans are shown below:

	As at 31.3.2019	As at 31.3.2018
Discount rate (in %)	7.25%	7.75%
Salary escalation rate (in %)	7.50%	7.50%
Expected rate of return on plan assets	7.50%	7.50%
Expected average remaining working lives of employees	8.65 years	8.15 years

A quantitative sensitivity analysis for significant assumption is as shown below:

Assumption	Impact on defined benefit obligation	
	As at 31.3.2019	As at 31.3.2018
Impact of increase in 0.5% in discount rate	-2.25%	-2.15%
Impact of decrease in 0.5% in discount rate	2.36%	2.26%
Impact of increase in 0.5% in salary escalation rate	2.35%	2.25%
Impact of decrease in 0.5% in salary escalation rate	-2.25%	-2.16%

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The following payments are expected as contributions to the defined benefit plan in future years:

	Year ended 31.3.2019	Year ended 31.3.2018
Within the next 12 months (next annual reporting period)	297.95	323.55
Between 2 and 5 years	652.88	739.19
Between 6 and 9 years	243.85	231.99
10 year and above	573.41	578.43
Total expected payments	1,768.09	1,873.16

The weighted average duration of the defined benefit plan obligation at the end of the reporting period is 4.61 years.

INTERNATIONAL TOBACCO COMPANY LIMITED

Notes to the financial statements for the year ended March 31, 2019

(All amounts are in Rs. lakhs unless otherwise stated)

33. Financial instruments and risk management

33.1 Fair values

The fair value of financial assets and liabilities are included at the amount at which the instruments could be exchanged in as current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

i) The fair value of cash and cash equivalents, trade receivables, trade payables, security deposits and other financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

ii) The financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for the expected losses of these receivables, if any.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by using valuation techniques that are appropriate in the circumstances and for which sufficient data are available.

Level 1: This level of hierarchy includes financial assets that are measured by reference to quoted prices in the active market.

Level 2: This level of hierarchy includes items measured using inputs other than quoted prices included within Level 1 that are observable for such items, either directly or indirectly.

Level 3: This level of hierarchy includes items measured using inputs that are not based on observable market data (unobservable inputs). Fair value determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instruments nor based on available market data. The item in this category are unquoted equity instruments.

INTERNATIONAL TOBACCO COMPANY LIMITED

Notes to the financial statements for the year ended March 31, 2019

(All amounts are in Rs. lakhs unless otherwise stated)

33 Financial instruments and risk management (continued)

33.2. Fair value hierarchy

The following table provides an analysis of financial instruments that are measured at fair value and have been grouped into Level 1, Level 2 and Level 3 below:

As at March 31, 2019	Carrying amount	Fair Value	Level 1	Level 2	Level 3
Financial assets					
Financial instruments at amortised cost:					
Cash and cash equivalents	285.85	285.85	-	-	-
Loans	33.23	33.23	-	-	-
Trade receivables	967.43	967.43	-	-	-
Other financial assets					
- Security deposits	148.20	148.20	-	-	-
- Interest accrued on security deposits	39.26	39.26	-	-	-
Financial instruments at FVTOCI:					
Investment in equity instruments designated upon initial recognition	205.71	205.71	-	-	205.71
Total financial assets	1,679.68	1,679.68	-	-	205.71
Financial liabilities					
Financial instruments at amortised cost:					
Trade payables	714.53	714.53	-	-	-
Other financial liabilities					
- Security deposits	0.75	0.75	-	-	-
- Payables for property, plant and equipment	54.41	54.41	-	-	-
Total financial liabilities	769.69	769.69	-	-	-

INTERNATIONAL TOBACCO COMPANY LIMITED

Notes to the financial statements for the year ended March 31, 2019

(All amounts are in Rs. lakhs unless otherwise stated)

33.3 Financial risk management objectives and policies

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by Senior Management.

The Company manages market risk through its finance department, which evaluates and exercises independent control over the entire process of market risk management. The finance department recommends risk management objectives and policies, which are approved by Senior Management. The activities of this department include management of cash resources and ensuring compliance with market risk limits and policies.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest in order to optimize the Company's position with regard to interest income and interest expenses and to manage the interest rate risk, the finance department undertakes the interest rate risk management exercise from time to time.

The Company is not exposed to significant interest rate risk as at the respective reporting dates.

Credit risk

Credit risk arises from the possibility that counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of trade receivables. The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in the financial statement.

Financial assets are provided for, when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Company. Where loans or receivables have been provided for, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss in the subsequent reporting period. The management believes that there is no significant exposure of credit risk due to the nature of Company's business.

Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligation on time or at a reasonable price. The Company's finance department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by Senior Management. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

INTERNATIONAL TOBACCO COMPANY LIMITED

Notes to the financial statements for the year ended March 31, 2019

(All amounts are in Rs. lakhs unless otherwise stated)

33.3 Financial risk management objectives and policies (continued)

(A) Maturities of financial liabilities

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for all financial liabilities. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

Contractual maturities of financial liabilities	Less than 1 Year	More than 1 Year	Total
As at March 31, 2019			
Trade payables	714.53	-	714.53
Other financial liabilities	55.16	-	55.16
	769.69	-	769.69
As at March 31, 2018			
Trade payables	399.51	-	399.51
Other financial liabilities	62.38	-	62.38
	461.89	-	461.89

INTERNATIONAL TOBACCO COMPANY LIMITED

(All amounts are in Rs. lakhs unless otherwise stated)

33.3 Financial risk management objectives and policies (continued)

(B) Foreign currency risk exposure

The carrying amounts of the Company's foreign currency denominated monetary assets and liabilities at the end of the reporting periods expressed in Rs. in lakhs, are as follows:

Currency exposure	EURO
As at March 31, 2019	
<u>Financial Liabilities</u>	
Trade payables	0.09
Net exposure to foreign currency risk (liabilities)	0.09
As at March 31, 2018	
<u>Financial Liabilities</u>	
Trade payables	0.89
Net exposure to foreign currency risk (liabilities)	0.89

INTERNATIONAL TOBACCO COMPANY LIMITED

Notes to the financial statements for the year ended March 31, 2019

(All amounts are in Rs. lakhs unless otherwise stated)

33.3 Financial risk management objectives and policies (continued)

(C) Foreign currency exposures that are not hedged by derivative instruments or otherwise are as follows:

Particulars	Currency	As at 31.3.2019		As at 31.3.2018	
		Amount in foreign currency (in lakhs)	Amount in Rs. (in lakhs)	Amount in foreign currency (in lakhs)	Amount in Rs. (in lakhs)
Current liabilities and provisions	EURO	0.001	0.09	0.01	0.89

Foreign currency sensitivity analysis

The Company exposure to foreign currency changes for above currencies is not material.

INTERNATIONAL TOBACCO COMPANY LIMITED

Notes to the financial statements for the year ended March 31, 2019

(All amounts are in Rs. lakhs unless otherwise stated)

33.4 Fair value measurements

33.4.1 Fair value measurement and description of valuation techniques and significant unobservable inputs used in fair value measurement

The fair value of investment in unquoted equity instruments have been estimated using a market approach wherein equity value per share has been determined using the market approach. Under this approach the management has considered fair value of assets and liabilities of the investee company. For computing the fair value of the land (being major asset) management has made certain assumptions about the following significant unobservable inputs:

Financial asset	Fair value as at (Rs. lakhs)		Fair value hierarchy	Valuation technique	Significant unobservable inputs	Input value
	31.3.2019	31.3.2018				
Investment in equity instruments at FVTOCI (unquoted) (Refer Note no. 7)	205.71	189.84	Level 3	Market approach	Built up area (in sq. ft.)	March 31, 2019 - 23,567 March 31, 2018 - 23,567
					Residential rate for sales (Rs./sq. ft.)	March 31, 2019 - 15,000 March 31, 2018 - 15,000
					Payment towards purchase of FSI from MCGM (Rs./sq. ft.)	March 31, 2019 - 4,590 March 31, 2018 - 5,507
					Payment towards purchase of Fungible FSI from MCGM (Rs./sq. ft.)	March 31, 2019 - 4,590 March 31, 2018 - 5,507
					Cost of construction (Rs./sq. ft.)	March 31, 2019 - 2,500 March 31, 2018 - 2,500
					Interest rate (% per annum)	March 31, 2019 - 18 March 31, 2018 - 18
					Expected profit for builder (% per annum)	March 31, 2019 - 25 March 31, 2018 - 25

The above investment in equity instruments is not held for trading. Instead, it is held for medium or long term strategic purpose. Upon the application of Ind AS 109, the Company has chosen to designate the investment in equity instruments as at FVTOCI as the directors believe that this provides a more meaningful presentation for medium or long term strategic investment, than reflecting changes in fair value immediately in profit or loss.

INTERNATIONAL TOBACCO COMPANY LIMITED

Notes to the financial statements for the year ended March 31, 2019

34. Capital management

For the purposes of the Company's capital management, capital includes issued capital and all other equity reserves. The primary objective of the Company's Capital Management is to maximise shareholder value. The Company manages its capital structure and makes adjustments in the light of changes in economic environment and the requirements of the financial covenants.

The Company monitors capital using gearing ratio, which is total debt divided by total capital plus debt.

Gearing ratio

	As at 31.3.2019	As at 31.3.2018
Trade payables	714.53	399.51
Other financial liabilities	55.16	62.38
Other liabilities	120.21	184.36
Less : Cash and cash equivalents	(285.85)	(425.79)
Net debt (A)	604.05	220.47
Total equity	4,770.98	4,667.47
Capital and net debt (B)	5,375.03	4,887.94
Gearing ratio (A/B)	11.24%	4.51%
